

Powerball Numbers Since 2010 Excluding Powerball

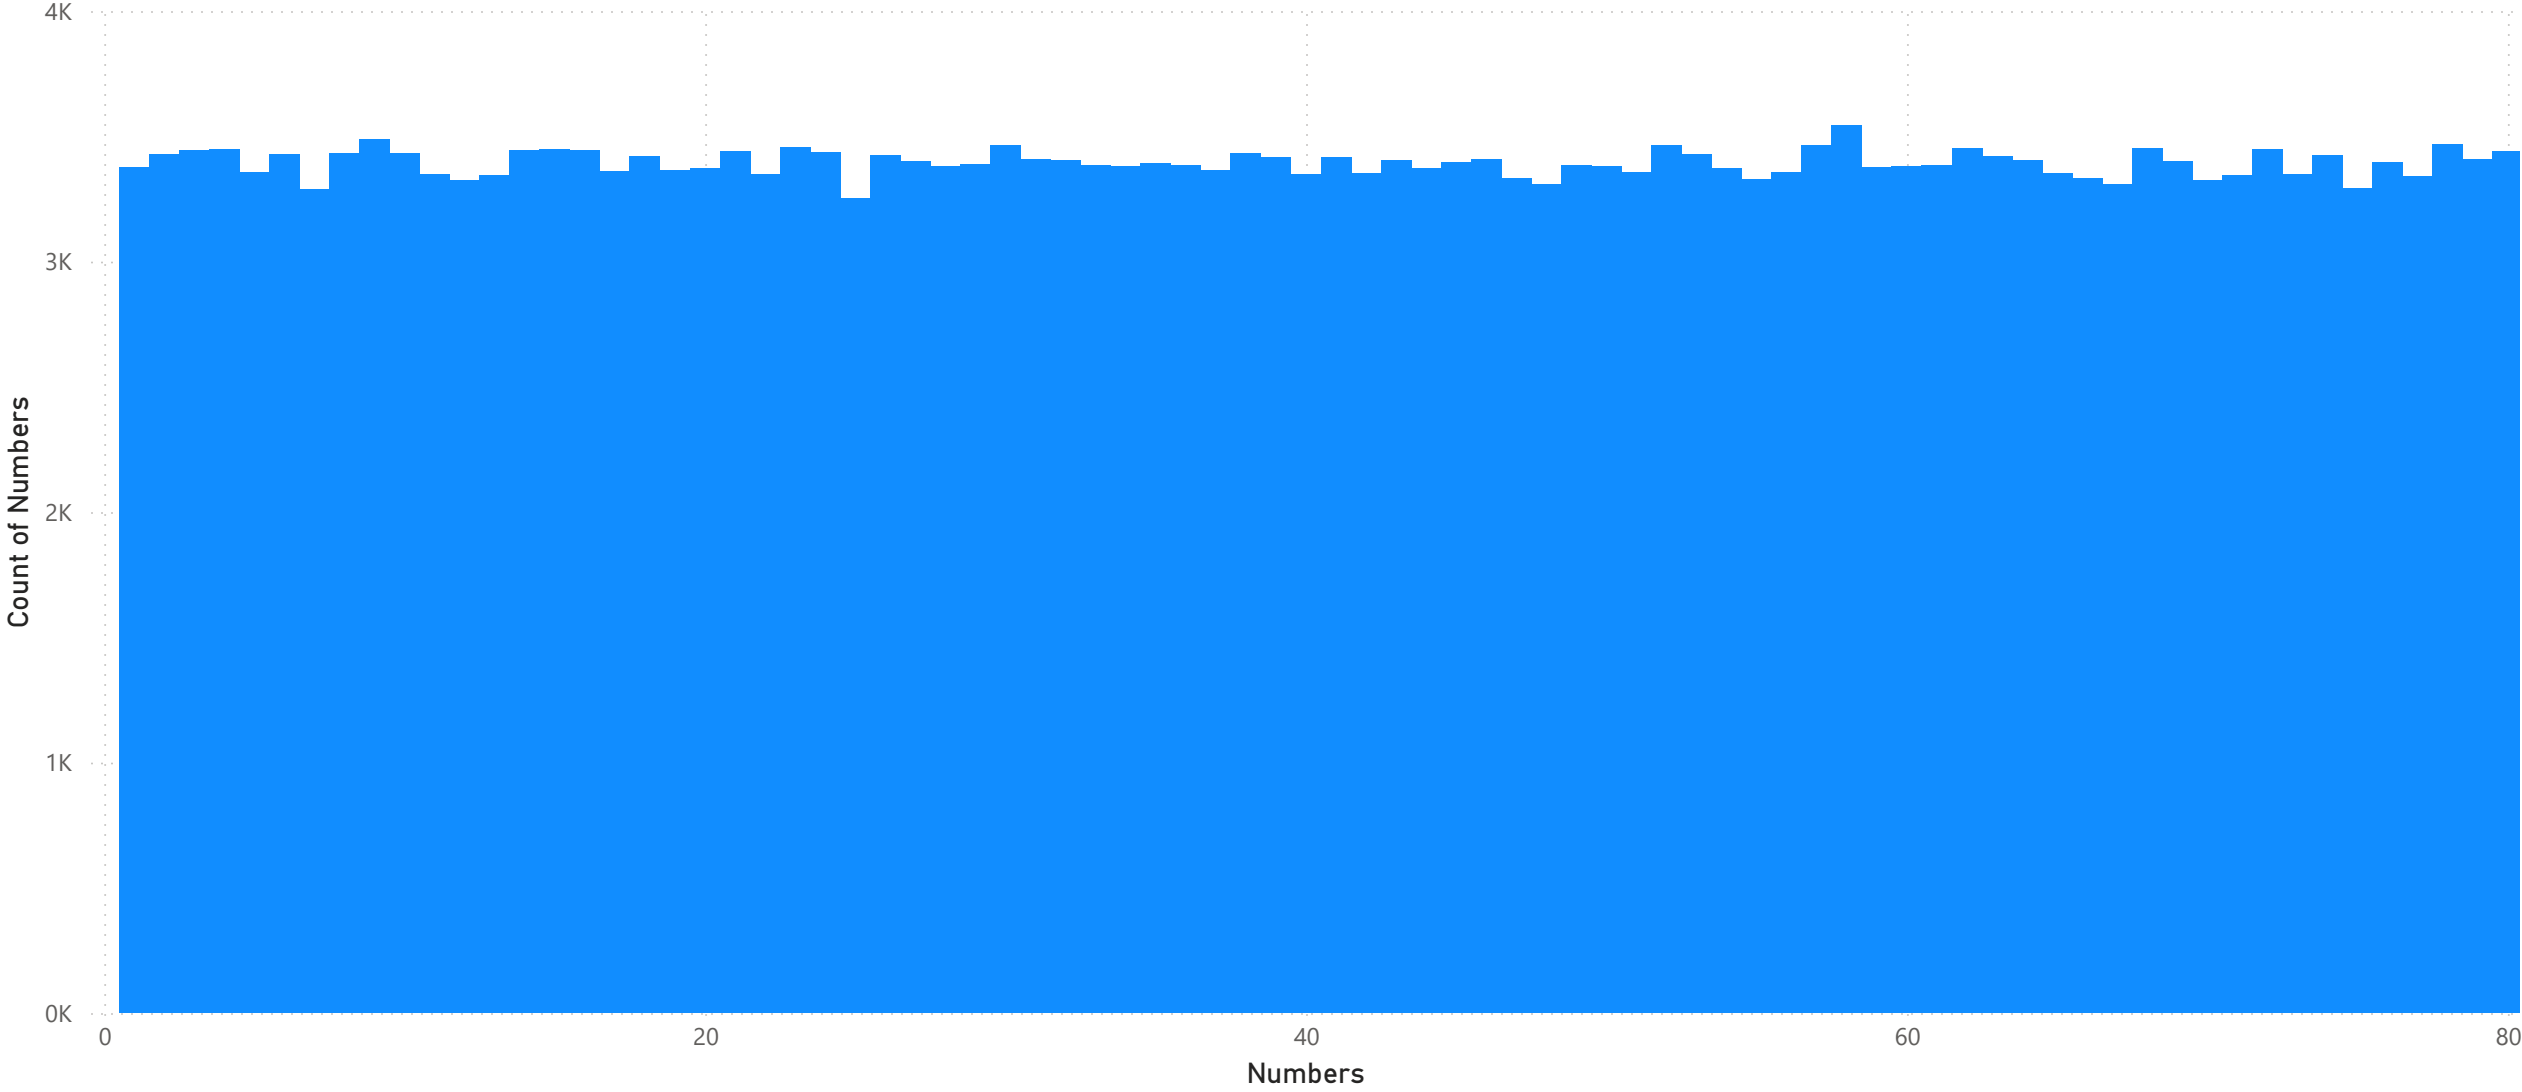

Powerball Numbers Since the Field Change of October 4, 2015 Excluding Powerball

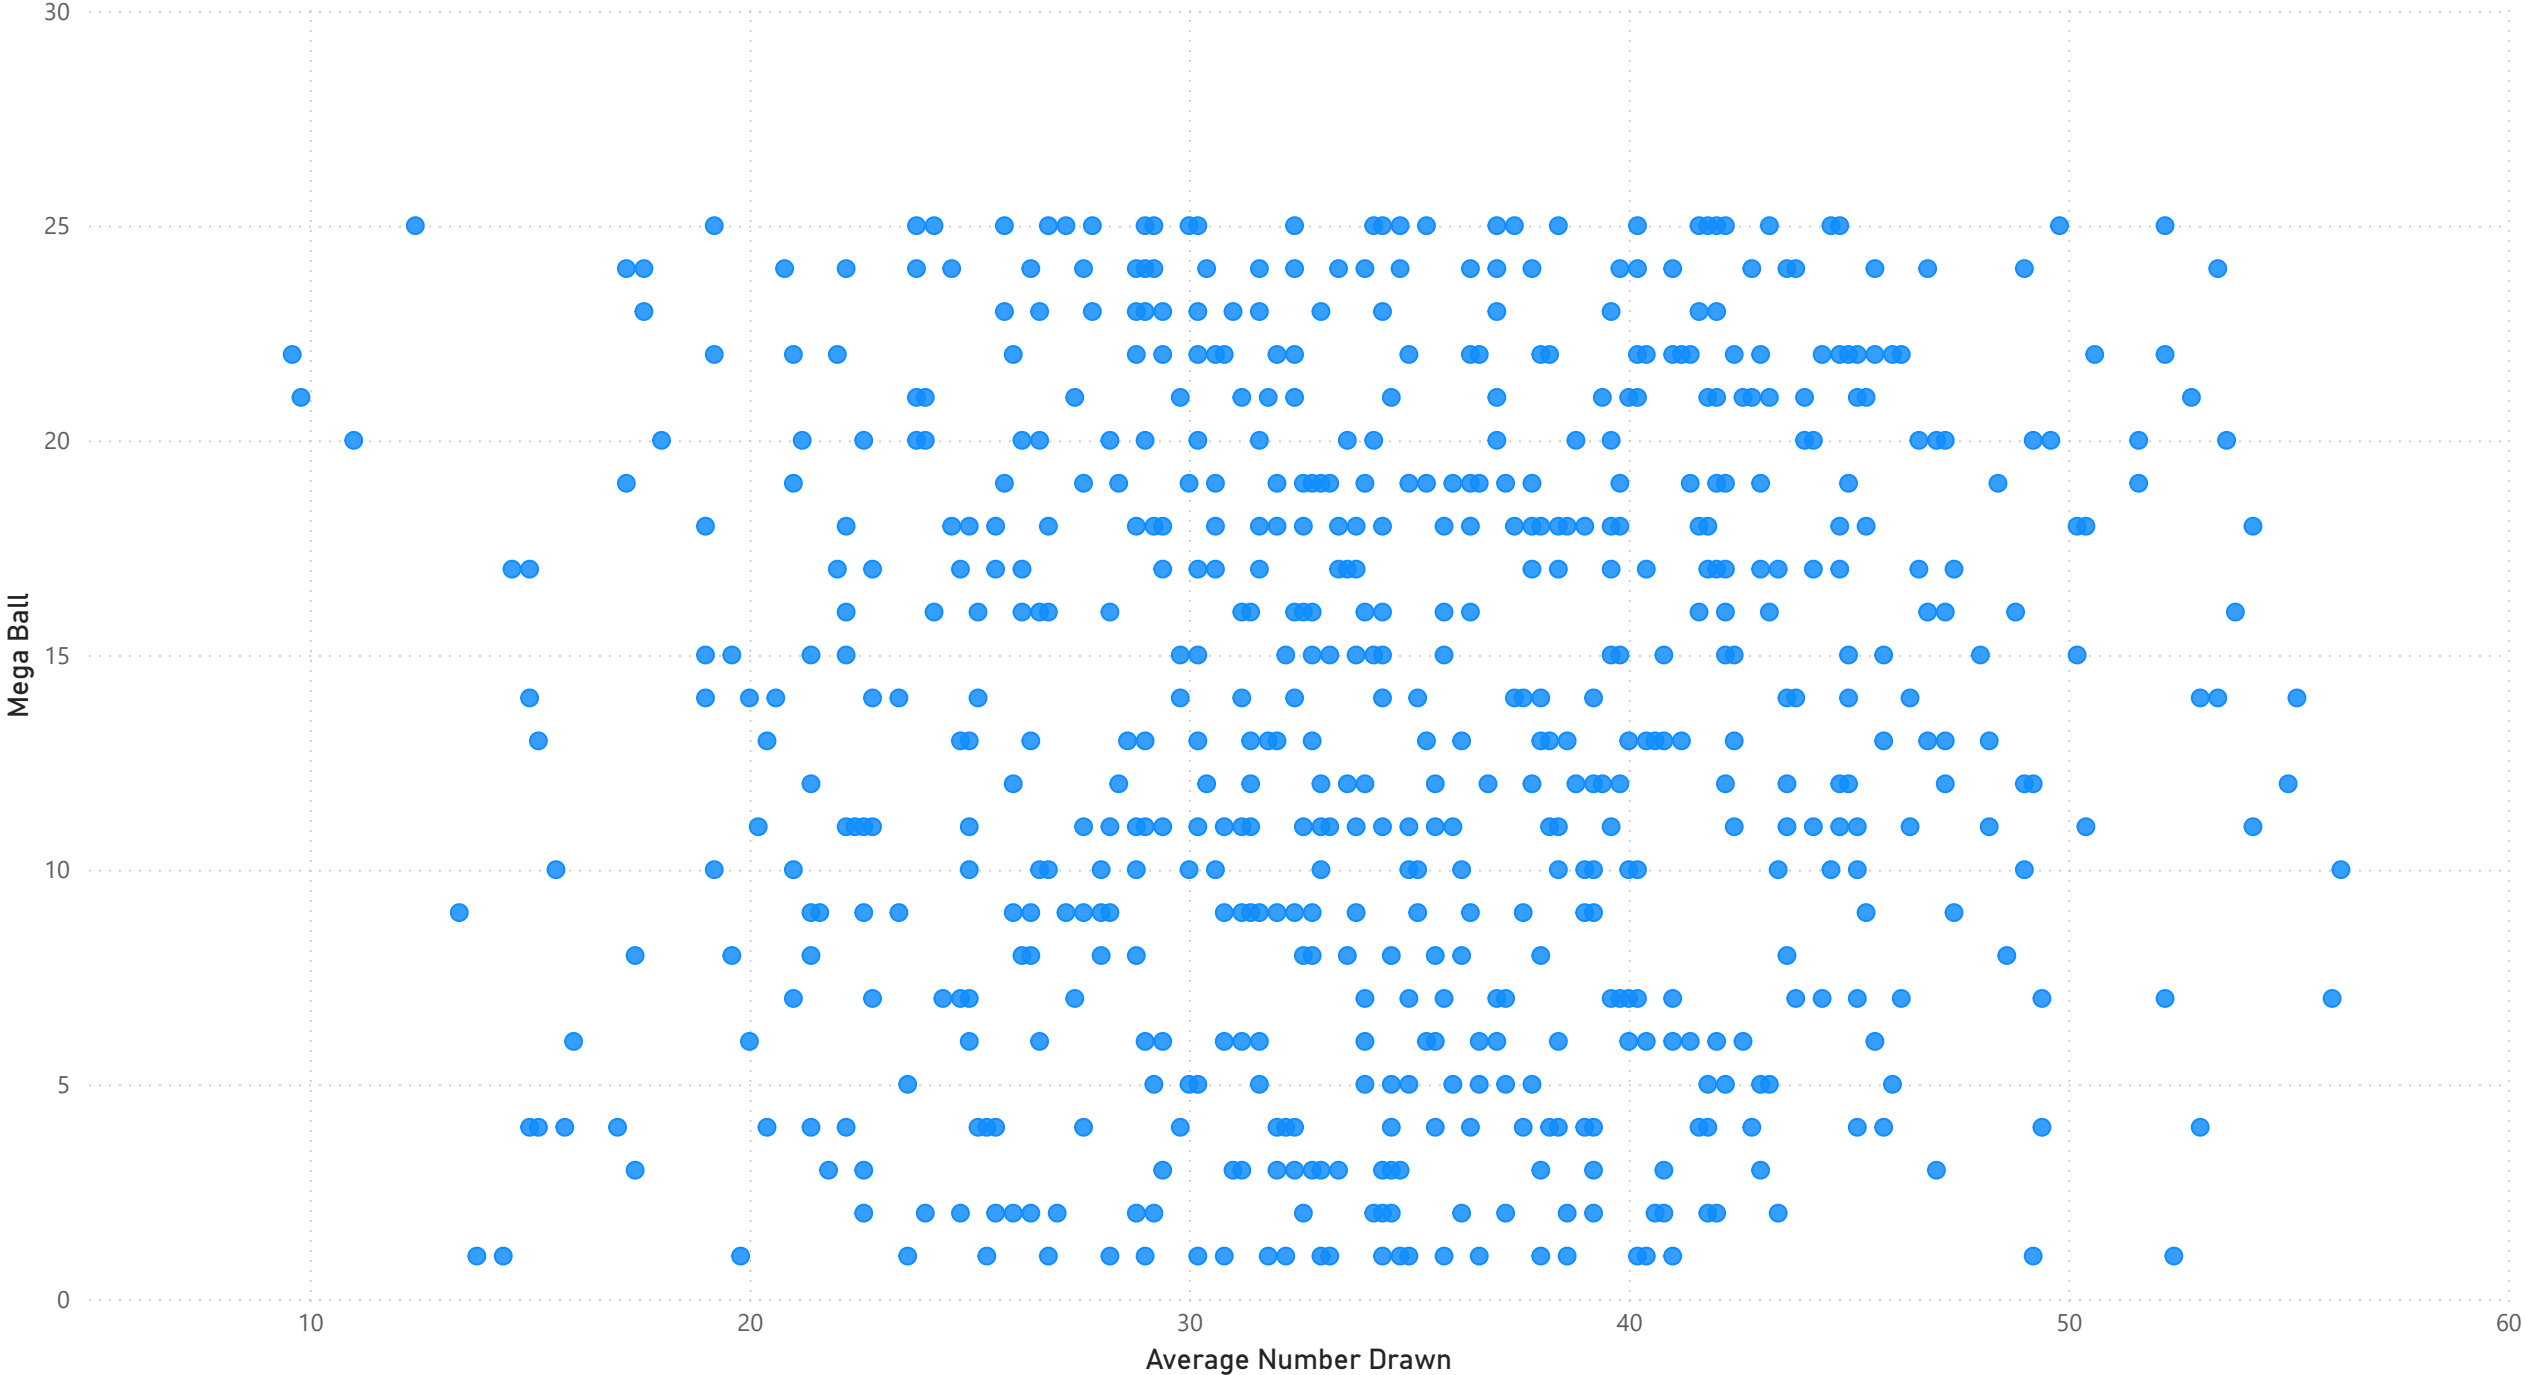

As you can see, the numbers look skewed at first when looking at Powerball numbers since 2010, but this is only because the selectable numbers only went up to 59 before October 4, 2015.

New York Pick 10 Numbers since 1987

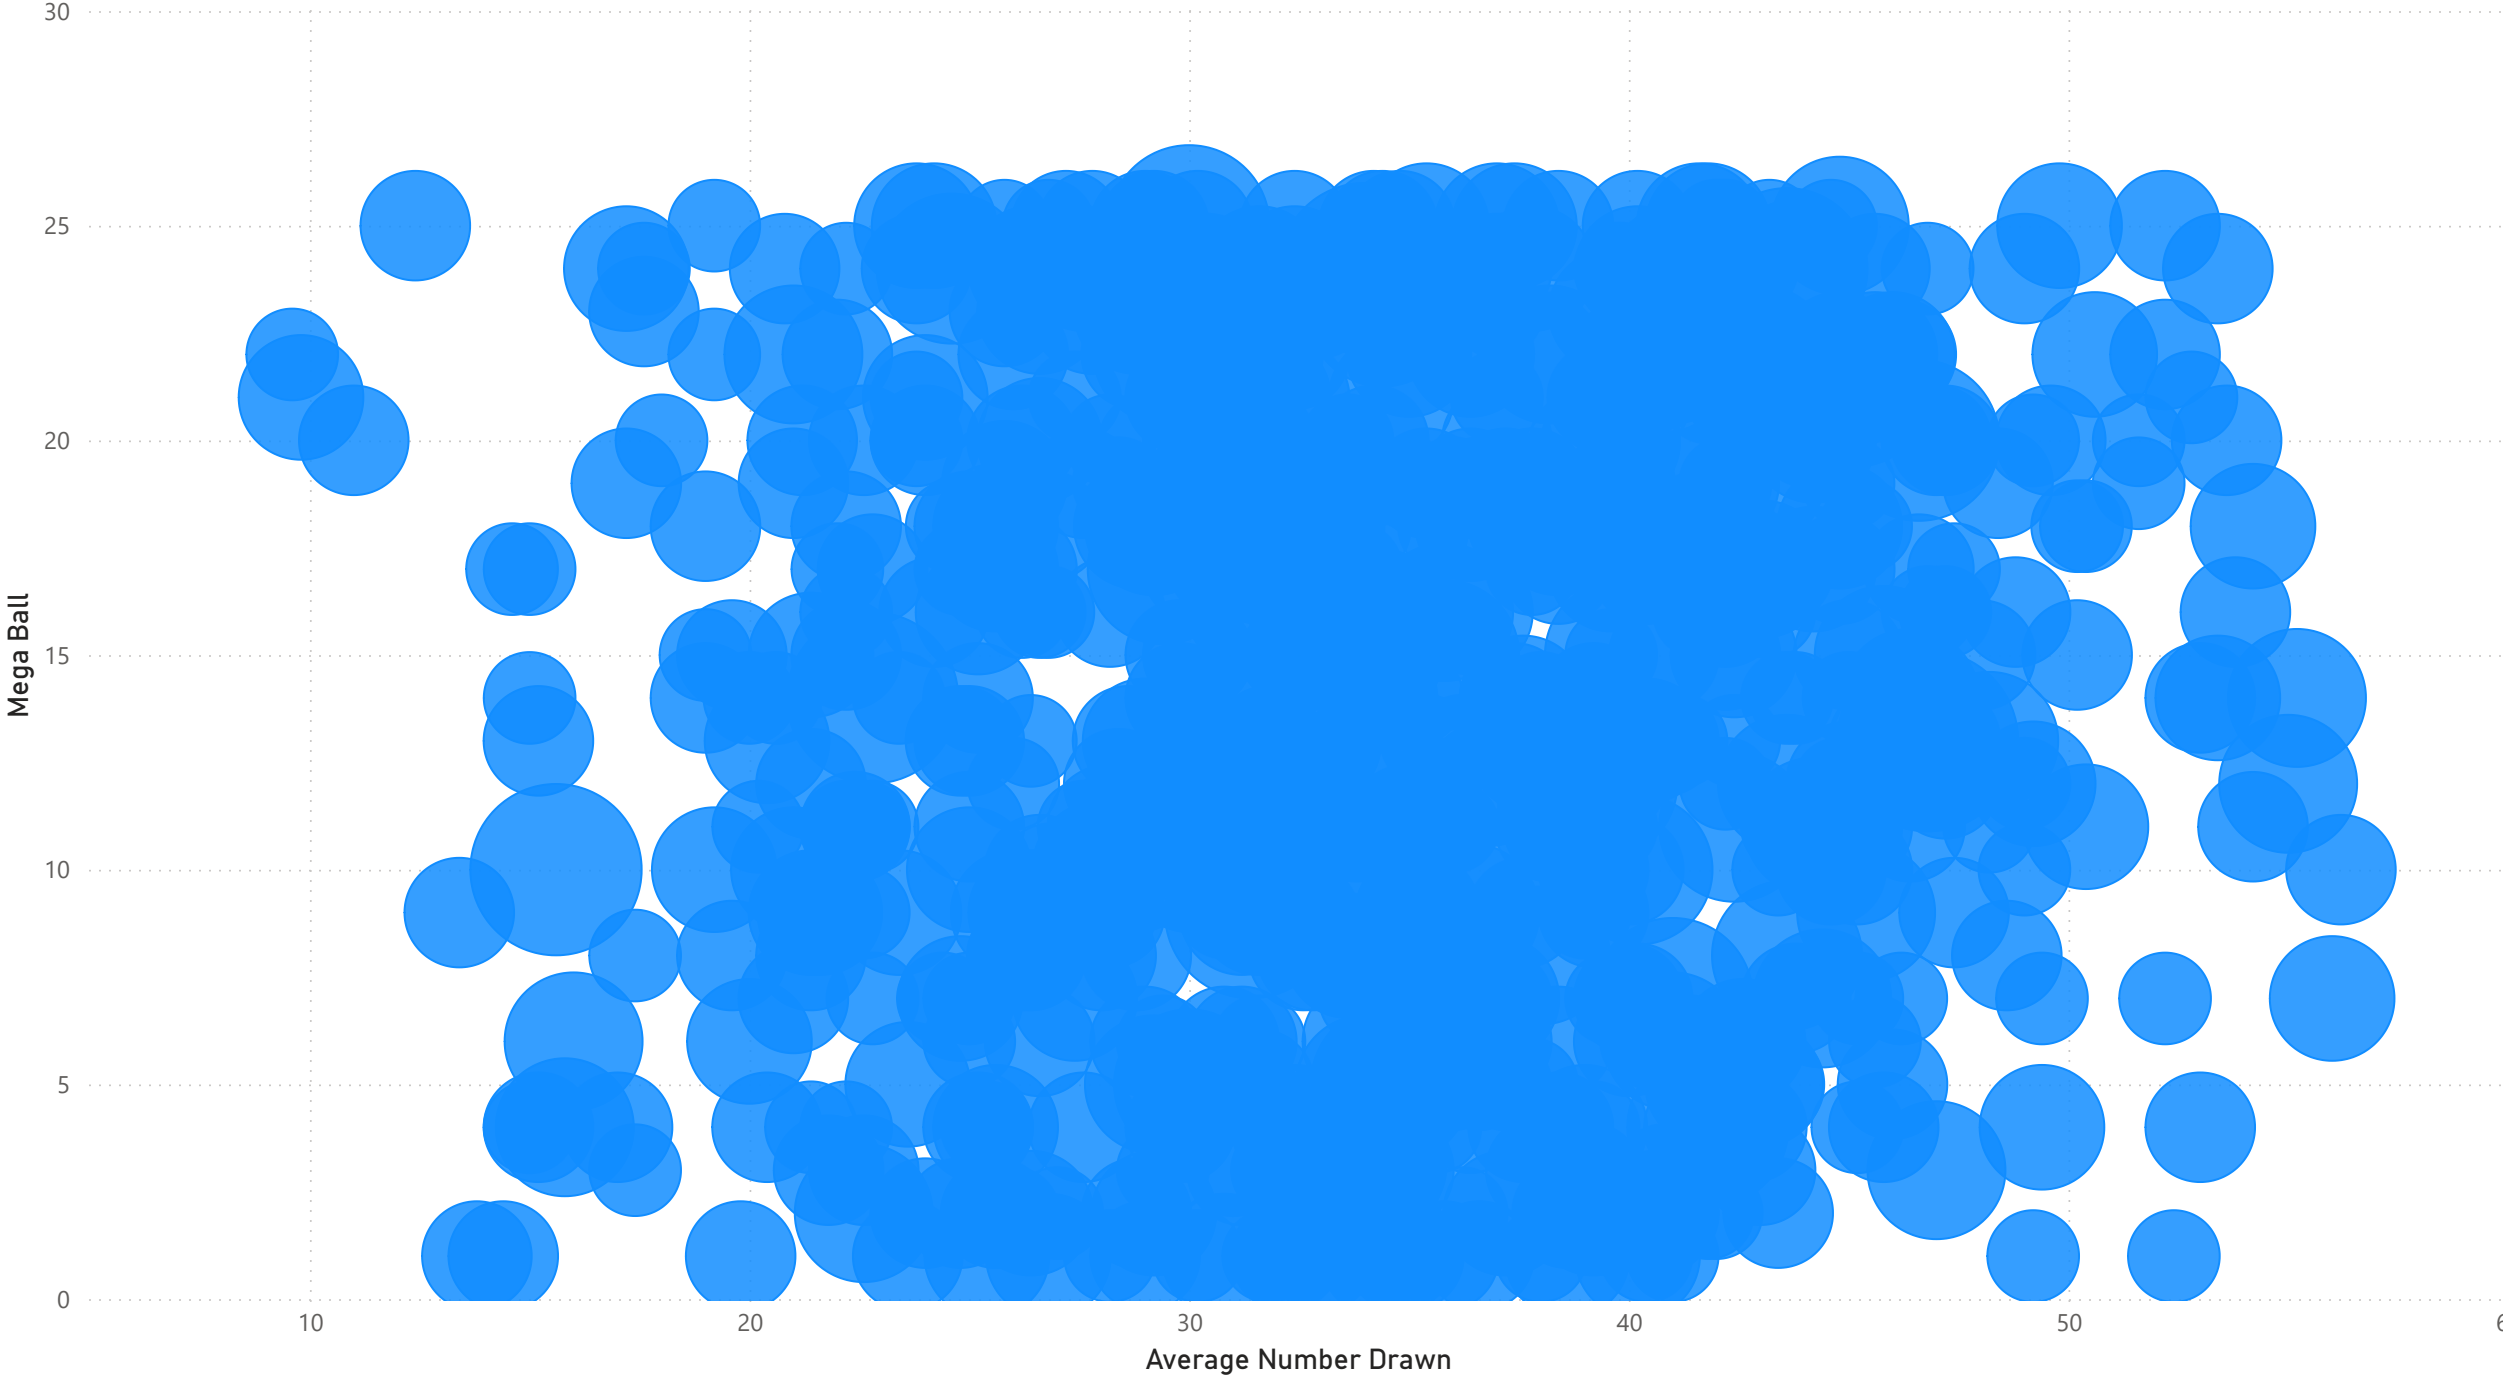

Very uniform distribution, this game hasn't been modified since 1987

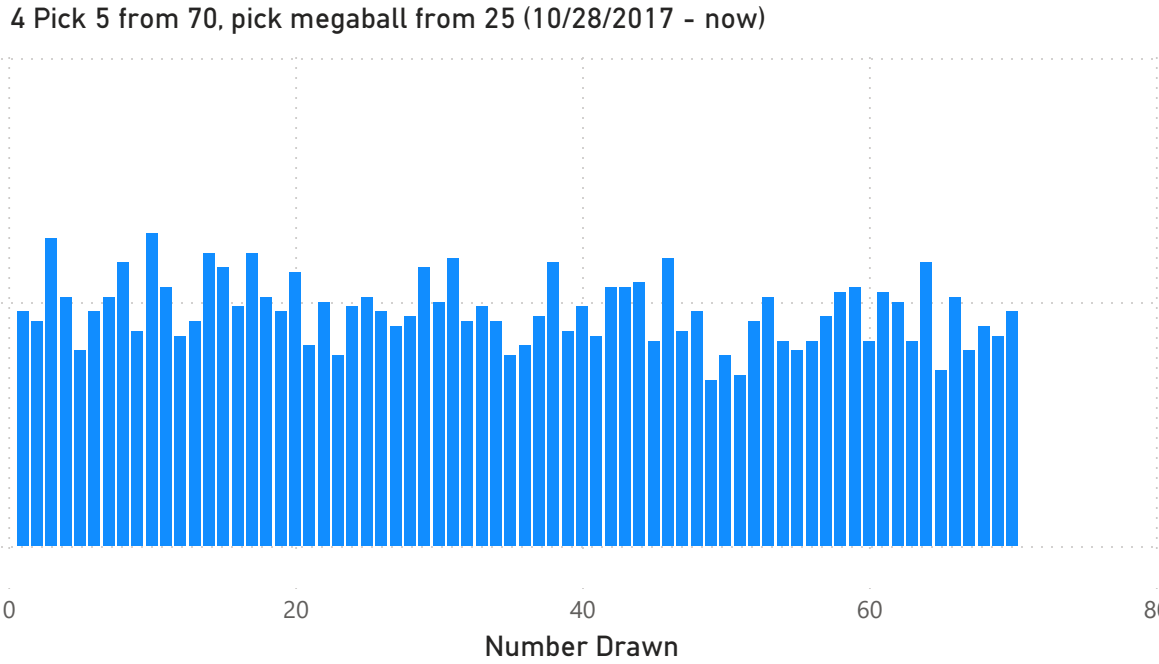

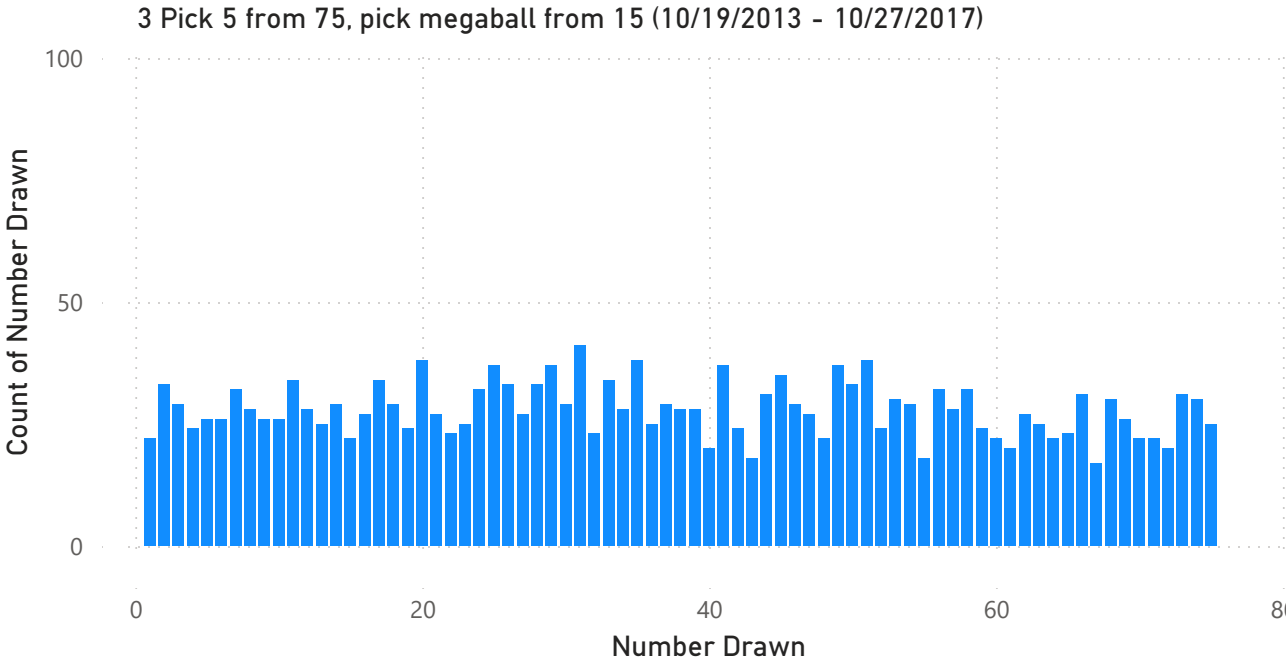

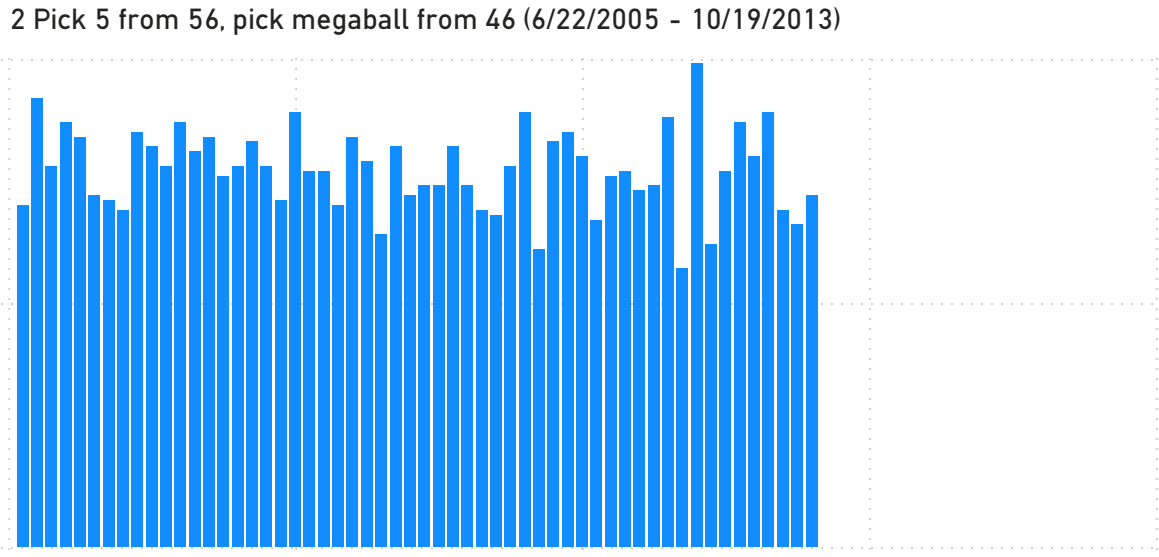

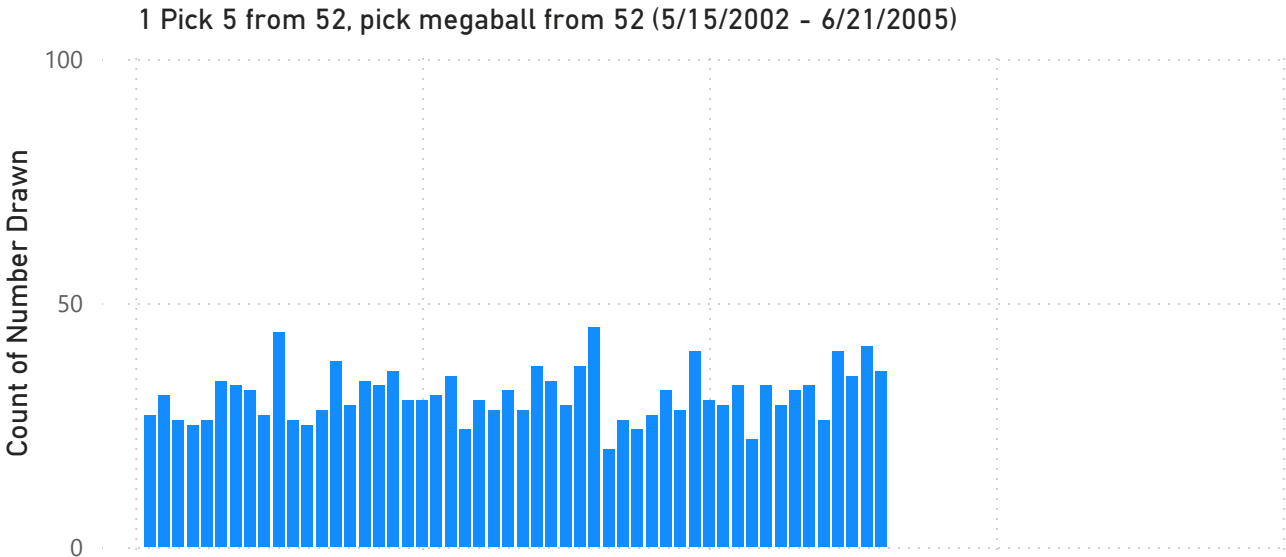

Scatterplot of Average Number Drawn and Mega Ball

Megaball 4 Time Periods of Different Picking Fields

This shows that while the field of balls to chose from has changed four times since 2002, the numbers chosen have remained random without any being selected significantly more than the others.
